[Book Analysis Sample](#)

A book analysis is a description, critical analysis, and an evaluation on the quality, meaning, and significance of a book, not a retelling. It should focus on the book's purpose, content, and authority. A critical book review is not a book report or a summary. It is a reaction paper in which strengths and weaknesses of the material are analyzed.

The key to analyzing a fictional book is paying attention to both the small details and overarching ideas. If you're reading a classic novel, research its context to tell you more about the text, like what was going on in history when the book was written. Read the text closely and take notes on anything interesting you notice about the setting, characters, or writing style. Take note of any effective description that tells you something interesting about the characters or the ...
