## [10 Examples of Circular Economy Solutions](#)

Circular Economy Solutions In a world of finite resources, the circular economy model offers a path to reinvent the economy in the interest of natural capital conservation and waste minimisation. A transition must be made from the linear model of "take-make-dispose" to the circular model of recycling, re-use, and designing for recyclability (DfR).

Pingback: Solutions to Economic Crisis | Economics Blog. Nelson Alley. 6 September 2011 at 12:02 am . The U.S. government is trying to solve our financial problems but does not have the tools to do so. Like N.Y. City in the 1970's we have borrowed ourselves into insolvency. It is not just us that is in trouble, but most of the countries in the world. It is obvious that this is a world problem ...
