Max Weber's Economy and Society is the greatest sociological treatise written in this century. Published posthumously in Germany in the early 1920's, it has become a constitutive part of the modern sociological imagination. Economy and Society was the first strictly empirical comparison of social structures and normative orders in world-historical depth, containing the famous chapters on ...

Social structure - Social structure - Structure and social organization: The term structure has been applied to human societies since the 19th century. Before that time, its use was more common in other fields such as construction or biology. Karl Marx used construction as a metaphor when he spoke of "the economic structure [Struktur] of society, the real basis on which is erected a legal ...
