George W. Bush and his advisors promised economic growth, jobs and an ownership society but delivered a housing finance bubble, Wall Street profits fueled by fraud, a recession, budget deficits, low economic growth, massive job losses and upward transfers of middle-class wealth. In Fools and Knaves, author Howard Green explores both the short-term and long-term effects of Republican-controlled ...

Detail - Chairman of Fools explores the plight of Farai Chari, a supposedly successful writer, professor and self-acclaimed artist, living in an African culture in which tradition weighs heavy and middle class aspirations are crude. Farai yearns for a world in which men and women can freely associate with one another and gratify their passions without moral chastisement.
