Foot reading evolves from the belief that the feet act as a mirror to the rest of the body. Any lumps, calluses or pain in the feet are indicative of problems elsewhere. For example, a fallen arch will often indicate a back problem. Infact, foot reading can reveal many things from your digestive system functioning to your state of relationships at present. However, modern foot reading cannot ...

Foot readings can be done alone as a therapeutic treatment to help with self-discovery or pinpoint problems, or a reading can be done prior to foot reflexology. Reflexology manipulates specific points on the body (in this case the feet) which correspond to other parts of the body. When using reflexology, a practitioner will use points on the feet that correspond with specific organs, bones, an
