OBSERVING CHILDREN AND FAMILIES BEYOND THE SURFACE GILL BUTLER

Apr 11, 2021

[Observing Children And Families Beyond The Surface Gill Butler](#)

This book helps readers to develop an understanding of what is entailed in observation, explaining the unique insights that child observation can bring to practice with children and families. By drawing out relevant theoretical concepts it aids their understanding of what they are observing and so helps them to develop their own skills. Key theoretical concepts are brought together from developmental psychology and psychoanalytic thinking in a way that enables practitioners to draw on these ...

Observing the Class. Observing the Children. Compiled and edited by . David Mitchell. Albert Einstein observed, "If you want your children to . be intelligent, read them fairy tales. If you want them to be geniuses, read them more fairy tales. When I examine myself and my methods of thought, I come to the conclusion that the gift of fantasy has meant more to me than any talent for abstract ...

Historically, children's safeguarding policy and practice in the UK have focused on individual and family?level explanations of abuse and neglect, with relatively little attention given to children's overall well?being or the role played by neighbourhood conditions in shaping it. As a result, community?oriented practice, designed to improve the neighbourhood conditions in which many of ...

Beyond these primary aims, we also explored condition (PF vs. BFI) by age group (adolescent vs. preadolescent) and condition by gender effects. Given recent findings suggesting developmental differences in the role of parents' vis-à-vis interventions for children's weight management Janicke et al., 2008), we anticipated that the whole-family approach of PF would be more efficacious for ...

Although considerable research exists concerning families raising children with disabilities, relatively little work has examined the linkages between parent and sibling functioning. The purpose of this study, therefore, was to investigate the relationship between parental perceptions of family functioning and school-aged siblings' social skills and problem behaviors. A purposive sample of 78 ...
