Don't confuse the owners manual you get with a car with what comes with a boat. In general it is just a collection of the owners manuals for the major parts of the boat (think like a house!): engines/drives, frig, windlass, etc. It is not a thorough piece by piece description. As Tiki mentioned, what you really need is the ones for the engines and drives, if not in the archives, try Mercury ...

The Rinker manuals are fairly generic, but type of boat, not model. There are typical diagrams (like wiring diagrams), which are similar but not normally exactly as per your installation. There will also be a collection of manuals from the various component suppliers (stereo, charger, engine, drive, etc.).
